- OSOFUS
- Resettlement of TROSCOFF/3

Reference: SSA-9012

1. Regarding paragraph 3 of reference it is Headquarters' opinion that the agreement with [] concerning TROSCOFF/3 does not leave Field in an impossible position in attempting to resettle subject.

2. We feel that Field can contact UNF or WOC without necessarily contacting TROSCOFF/3 nor permitting him to learn of OSOFUS efforts on his behalf. [] office can act as the agent with relation to any resettlement arrangement for TROSCOFF/3. If [] is so anxious to resettle subject as he appears to be, he should at least be willing to arrange meetings with, for example, an UNF or a WOC representative, once your office alerts these organizations to the urgency of this problem.

3. If our interpretation of the agreement with [] is correct we feel that Field is presently in a better position to attempt resettling subject, in view of your friendly working relationship with UNF and WOC. In addition, the possibility of having subject resettled into the US Army under the Lodge Act as suggested in referenced dispatch would also be a favorable solution. If, however, these organizations are unable to aid you in this matter we can take some action at this end.

4. We would appreciate your views of this subject.
